SUMMARY

Data Science and analytics talent with a keen ability to unlock value from complex datasets through innovative modeling and analysis. I deliver precise, actionable insights, blending technical expertise with a relentless focus on impactful, real-world results.

PROJECTS

Drug Recommendation System Based On Sentiment Analysis of Drug Reviews | PROJECT LINK

- Analyzed 50,000 drug reviews via sentiment analysis, achieving 85% accuracy.
- Developed a recommendation system, increasing user satisfaction by 20%.

Fashion MNIST | PROJECT LINK

- Trained a TensorFlow neural network on 70,000 images, reaching 92% accuracy.
- Boosted apparel recognition precision by 15% with hyperparameter tuning.

Retail Sales Prediction | PROJECT LINK

- Forecasted sales for 1,000+ stores with an ML model, hitting 86% accuracy.
- Analyzed 1M+ records, improving forecast accuracy by 15%.

SQL Data Warehouse | PROJECT LINK

- Designed a Medallion Architecture (Bronze, Silver, Gold) using SQL Server.
- Bronze Layer: Stores raw data as-is from the source systems. Data is ingested from CSV files into a SQL Server database.
- Silver Layer: This layer includes data cleansing, standardization, and normalization processes to prepare the data for analysis.
- Gold Layer: Houses business-ready data, modelled into a star schema, required for reporting and analytics.

SKILLS

- Data Science: Python, Machine Learning, Deep Learning, TensorFlow, Time Series Forecasting, Statistics, EDA, Web Scraping
- Data Visualization: Power BI, Tableau, IBM SPSS
- Databases: SQL, MongoDB
- Tools: Microsoft Azure, Jira, Excel, Git

EXPERIENCE

Learnbay | Data Scientist Internship

March 2024 - Feb 2025

- Delivered a 20% accuracy boost in machine learning models, mirroring real-world optimization demands.
- Streamlined data workflows, cutting processing time by 15% with scalable techniques.
- Crafted comprehensive and interactive dashboards using Tableau & Power BI, delivering actionable insights. REPO LINK
- Conducted exploratory data analysis to uncover trends and insights, enhancing team project outcomes.

EDUCATION

Bapuji Institute of Engineering and Technology
B.E in Computer Science and Engineering

2019 - 2023

CERTIFICATIONS

Advanced Data Science and Al, IBM, 2024
